Office of Research and Grants Administration

Annual Report

Fiscal Year 2013

A MESSAGE FROM ORGA

Friends,

Rhode Island College's Office of Research and Grants Administration (ORGA) is pleased to present our third annual report to the college community. It is our privilege to report that nearly \$10 million in external grant and contract funds supporting research, programs and training was awarded to the college in FY13. These awards, as well as many proposals developed but not yet funded, point to the strong commitment of RIC faculty and staff to advance knowledge and support student learning.

The college has continued to build research capacity in the face of challenges posed by sequestration and diminished external funding. This is marked by the fact that FY13 saw a record number of new Principal Investigators submitting proposals and receiving awards. That momentum is continuing, with the college engaged in multiple inter-disciplinary and community-based partnerships that have the potential to open new areas of research and programmatic activities. Notable among these is RIC's partnership with the Central Falls School District. *Achieving Together: the CF/RIC Innovation Lab* is a collaboration to support new models of K-

20 urban education, advance STEM teaching and learning, expand opportunities for lifelong learning and promote healthy communities. It is collaborations such as this, along with so many others, that point to the strong synergistic relationships between research, teaching and learning, and the importance of research to RIC's teaching mission.

Institutional support for strengthening a culture of research at RIC is evident at all levels. Under the able leadership of President Nancy Carriuolo and Vice President for Academic Affairs, Dr. Ron Pitt, there is a strong commitment across the college to advance and sustain an enduring culture of research. ORGA is proud to be part of this work.

Lisa Smolski
Director of Research and College Initiatives
Office of Research and Grants Administration

THE PRESIDENT'S REPORT

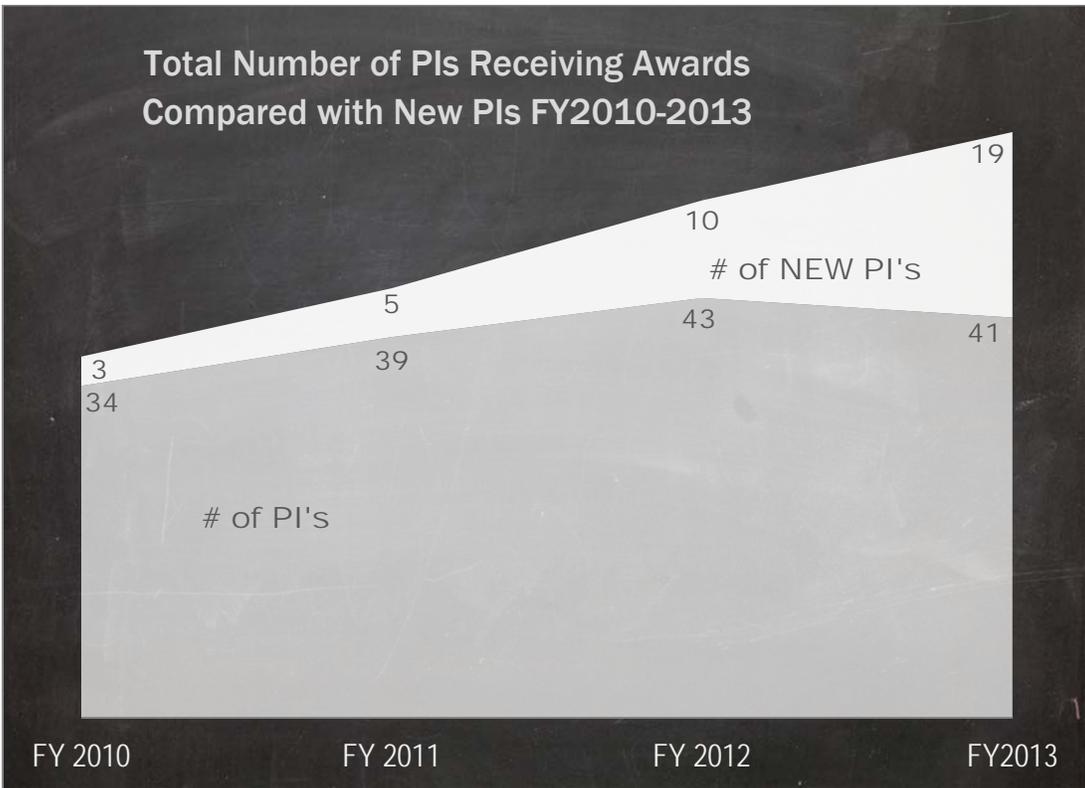

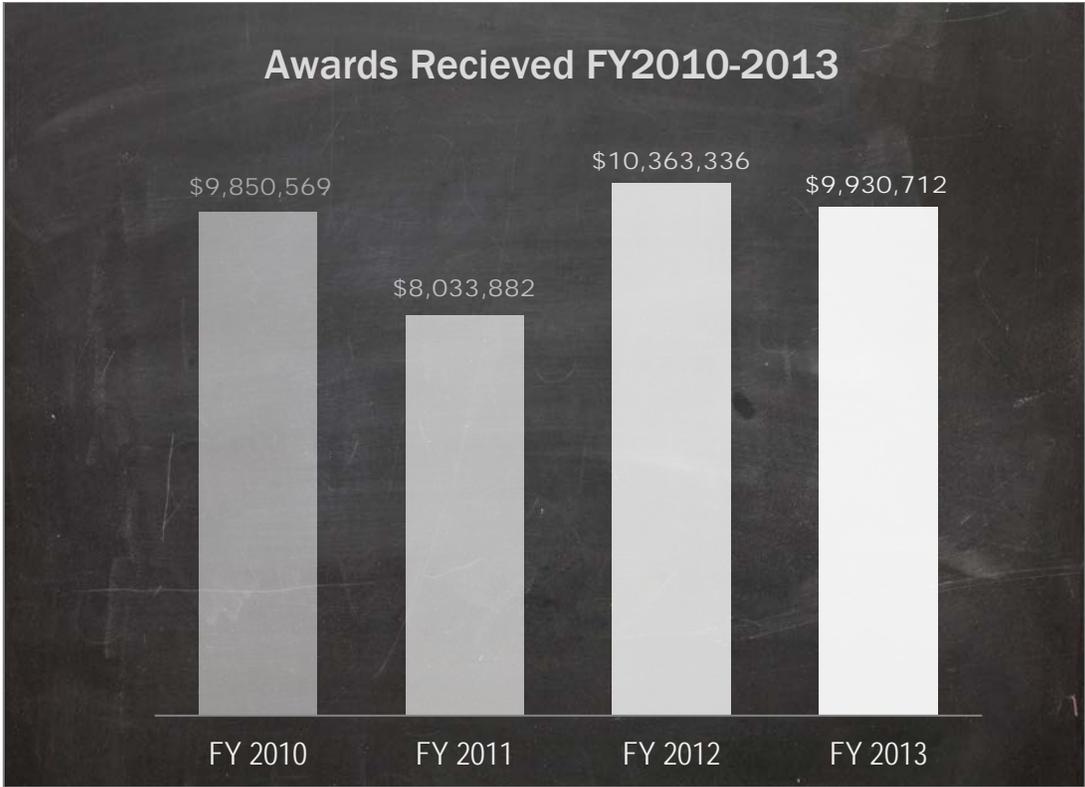

Dr. Nancy Carriuolo highlights the accomplishments of faculty in securing external funding during the 2013 fiscal year.

Externally funded awards totaled **\$9,930,712**, with more than **\$1 million** of that total supporting indirect costs associated with grant-funded projects.

A record **39** proposals submitted

Of the **41** PIs receiving awards, a record **19** were NEW PIs

43 PIs submitted proposals, with a record-setting **17** being NEW PIs
