Comments: #001 ask to approve the revision of the Philosophy BA to add a course PHIL 200 and delete PHIL 460 as requirements, as well as create new options in the "Logic," and "History and Ethics" categories that will make the program more flexible, streamlined and reduce the total credits from 32 to 30. These changes will also facilitate easier transfer. The proposals also needs to change when a selection of PHIL courses will be offered to accommodate this revision. #002 Asks to approve the deletion of three former Philosophy Concentrations in Ethics and Society, History of Philosophy and Knowledge and Reality.

Comments: #003 ask to approve the deletion of the CUS in Career and College Attainment and the five DIS courses that were created to be used for this: DIS 100 Self-Advocacy and Beyond; DIS 101 Introduction to Vocational Exploration; DIS 102 Campus Vocational Experience I; DIS 201 Campus/Community Vocational Experience II; and DIS 202 Community Vocational Internship. The program has not accepted any students for three years and everyone enrolled in it has graduated the program. The funding for the program ran out and they were unable to renew, so it can be removed from the catalog.
